OBJECTIVE

1. This consultation paper seeks comments/ views/ suggestions from the public and other stakeholders on the proposal to relax the requirement of maintenance of call records by Research Analysts (RAs) by making amendments to the Securities and Exchange Board of India (Research Analysts) Regulations, 2014 (“RA Regulations”) and Master Circular for Research Analysts (RAs) dated February 06, 2026¹ (“Master Circular for RAs”).

EXTANT REGULATORY PROVISIONS

2. In terms of Regulation 25(1)(vii) of the RA Regulations, a RA or research entity is required to maintain records of communication including emails, call recordings, etc. with all clients including prospective clients in such manner as may be specified.
3. Further, the relevant extracts of the Master Circular for RAs is given below:

3.1. Paragraph 1.13 of Chapter I, *inter-alia*, specifies that:

“1.13 KYC Requirements and maintenance of record

- a.
- b. *RA shall maintain records of interactions, with all clients including prospective clients (prior to onboarding), where any conversation related to its services has taken place, inter-alia, in the form of:*
 - i. *Physical record written & signed by client;*
 - ii. *Telephone recordings;*
 - iii. *Email from registered email id;*
 - iv. *Record of SMS messages;*
 - v. *Any other legally verifiable record.*
- c. *Such records shall begin with first interaction with the client and shall continue till the completion of research services to the client.*
- d. *RA or research entity are required to maintain these records for a period of five years. However, in case where dispute has been raised, such records shall be kept till resolution of the dispute or if SEBI desires that specific*

records be preserved, then such records shall be kept till further intimation from SEBI.”

3.2. Paragraph 33 (iii) of Annexure I of Chapter VII, *inter-alia*, specifies that RA/ research entity shall ensure compliance with the provision for maintenance of records of interactions even in case of their clients who are institutional investors or QIBs.

NEED FOR REVIEW

4. There have been representations from market participants requesting review of requirement of maintenance of call records citing the risk-appropriateness associated with the said requirement for institutional investors.
5. Industry Standard Forum for Research Analysts (RA-ISF) has, *inter-alia*, represented that institutional investors, in general, are sophisticated entities, possessing specialized knowledge and substantial resources required to independently evaluate complex research inputs and investment opportunities. Such investors have adequate knowledge to evaluate investment opportunities vis-à-vis risks involved in the same and to undertake due diligence before making investment basis the research reports.
6. The requirement of recording for client interactions is primarily intended to protect the interest of investors by facilitating supervisory oversight. As compared to retail investors, institutional investors are more likely to be aware about their legal rights and the regulatory mechanisms available to protect their rights.
7. Considering the above representations and the fact that research analyst business does not involve client specific investment advice, asset management or transaction execution, it is proposed to relax the existing requirement of maintenance of call records for clients which are institutional investors by RAs. The RAs shall continue to maintain the other specified records of interactions with clients which are institutional investors as mentioned at paragraph 1.13 (b) of Chapter I of Master Circular for RAs. Further, the RAs shall continue to maintain all records including call records for interactions with retail clients. This will ensure calibrated risk-proportionate approach and will facilitate ease of doing business for RAs by reducing the compliance burden.

PROPOSAL

8. In view of the above, it is proposed that the following amendments may be carried out in the RA Regulations and the Master Circular for RAs:

Proposed amendment in the RA Regulations

Regulation	Existing provision	Proposed provision
25(1)(vii)	25 (1) Research analyst or research entity shall maintain the following records: (i).....
